AL220S
AUTO-LOADER SYSTEM

TEAC DPS DISC PUBLISHING SYSTEMS

Thermal Printer Specification

Printer Model: TEAC P-55
Printing Method: Thermal Dye-sublimation Printing
Ribbon Capacity: 500 images/ ribbon (Full Color)
Print Resolution: 400 DPI, 290 LPI
Dimensions: 25"L x 21"W x 20"H
Weight: 48.5lbs
OS Requirements: Windows 2000/XP/Linux

InkJet Printer Specification

Printer Model: TEAC Color Inkjet Disc Printer - PIJ
Printing Method: InkJet
Printing Resolution: up to 4800 x 1200 dpi
Dimensions: 14.4"L x 18"W x 13.5"H
Weight: 39lbs

General USB Auto-Loader Specifications

Model: AL220S
Controller: Series 5 with TrueCopy System Technology
Power Requirement: 110v / 220v Auto Switch
Power Consumption: 100W
Environment: Temperature: 40-95F (5-35C)
            Humidity: 20%-80% non-condensing

P-55/AL220S
Auto-Loader System

TEAC's most economical auto-printer solution with these exclusive features…

- 220-disc capacity
- Choices of thermal or inkjet disc printing systems
- Multiple number of robotics to be operated by one PC, up to 8 maximum
- LCD touchpad to allow for setup and diagnostics directly on the unit
- Robust robotics for accurate pickup
- Easy access for loading consumables
- STICKY Disc function mode to break loose any discs that stick together
- 8cm disc adapter available
- Low-profile desktop design
- Easy set-up - no robotic software is needed to interface with the computer

TEAC's AL220S Auto-Loader System, with the choice of either TEAC's dye-sublimation thermal printer or TEAC's color inkjet printer, it's the most economical, fully-automated printer solution. Each system automatically prints up to 220 discs fast and easy with an advanced robotics mechanism used to transport discs from the input bins, to the integrated TEAC printer, and then to the output bins.

With TEAC's P-55 printer, the world's only dye-sublimation thermal disc printer, you can have the most complete, economical auto-printer solution that beats the competition hands down!

TEAC's P-55 dye-sub printer is the highest image quality disc printer, and also the only CMYK thermal printer with "True Black". Exclusive VersaMax ribbon for the P-55 provides the widest media compatibility. Now you can chose your favourite media to print on with no need for media kits! P-55 holds the disc from the center hub for the most accurate pickup.

TEAC's P-55 printer is also the most widely supported printer by 3rd party robotic manufacturers.

So the question is: Why would you select any other printer or any other autoloader?
